

Updated 4/5/16

This is the "Wish List" for furnishing a typical refugee apartment. Bolded items are required by the Department of State, the others are not mandatory, but strongly desirable. Any appliances or electronic items should have the handbook or manual with it. All items should be clean and in good condition that you would want to use yourself. **Items in red have already been collected and therefore are no longer needed.** If you have items to be collected, call Joan Kilian at 912.489.4208.

Furniture:
